Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

 1. the CoC Application,
 2. the CoC Priority Listing, and
 3. all the CoC's project applications that were either approved and ranked, or rejected.

 As the Collaborative Applicant, you are responsible for reviewing the following:

 1. The FY 2021 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
 2. The FY 2021 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
 3. All information provided to ensure it is correct and current.
 4. Responses provided by project applicants in their Project Applications.
 5. The application to ensure all documentation, including attachment are provided.

 Your CoC Must Approve the Consolidated Application before You Submit It
 - 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2021 CoC Program Competition on behalf of your CoC.
 - 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.
 Answering Multi-Part Narrative Questions
 Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

 Attachments
 Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.
 - Attachments must match the questions they are associated with–if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.
 - We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-2.	**Open Invitation for New Members.**	
	NOFO Section VII.B.1.a.(2)	

	Describe in the field below how your CoC:
1.	communicated the invitation process annually to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	conducted outreach to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join your CoC; and
4.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, persons with disabilities).

(limit 2,000 characters)

1) To solicit new members, the CoC advertises in the local, most widely distributed newspaper at least once, and most often, twice yearly to invite interested parties to the public meetings and to participate in the CoC. For the two public meetings, e-mail blasts are sent to a larger subset of community members/providers to solicit community input and inform as many community members as possible about CoC activities and meetings. The CoC Board has recruited Board members from key community partners to better facilitate an efficient system of homeless services. 2) The CoC ensures effective communication with people with disabilities by ensuring that electronic communications (including email and information on the UNC website) are accessible (compatible with Text2Speech, with images including alt text) as well as offering documents in PDF format. Further, the CoC ensures that the CoC Director's phone and email contact information is listed with all electronic communications, and the Director is easily accessible to assist interested parties, including those with disabilities, in accessing needed information. 3)

The CoC conducts outreach to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC through member service providers, who personally invite individuals who are homeless to meetings. The CoC has invited persons who are homeless to sit on the CoC Board, providing transportation as needed. This outreach occurs at least twice yearly. Special training/CoC 101 has been offered to persons with lived experience of homelessness who wish to join the CoC Board. 4) UNC works closely with culturally-specific organizations (including the Butanese Cultural Center and Black Scranton Project), inviting them to CoC meetings, informing them of the availability of CoC funding, and coordinating referrals and services. For example, the CoC coordinated COVID-19 vaccine clinics held at the Butanese Cultural Center.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)	

	Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and	
3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,000 characters)

1)The CoC solicits & considers a full range of opinions in meetings and subcommittees, including two publicly advertised meetings per year and a bimonthly CoC provider meeting where providers including ESG and Supportive Housing Programs (SHP) (including Victim Service Providers), SSVF, HUD-VASH, CoC staff, ESG Jurisdiction, PHAs, and more are able to share information and knowledge. VA, SSVF, Office of Youth and Family Services (OYFS), outreach, and SHP providers case conference for households on the Chronic Homeless & Veterans' lists at monthly meetings to assist in quickly entering housing. 2) At the bi-annual publicly advertised CoC meetings and at the bimonthly CoC provider meetings, United Neighborhood Centers communicates information about the CoC, including information regarding funding, Coordinated Entry, policy changes, and other information to providers and interested parties. 3) Previously, the CoC implemented "code blue" alerts to notify residents where they could seek shelter on frigid, cold winter days. Over the past two years, the public expressed a need for a similar system on scorching hot summer days, and in response, the CoC added a "code red" shelter during the summer months. Further, in response to the significant, immediate threat of COVID-19, the CoC focused on coordinating response to COVID-19 amongst CoC providers, including communicating public health guidance, distributing PPE, and coordinating vaccine clinics for those who are homeless.

1B-4.	Public Notification for Proposals from Organizations Not Previously Funded.	
	NOFO Section VII.B.1.a.(4)	

	Describe in the field below how your CoC notified the public:
1.	that your CoC's local competition was open and accepting project applications;
2.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
3.	about how project applicants must submit their project applications;
4.	about how your CoC would determine which project applications it would submit to HUD for funding; and
5.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

(limit 2,000 characters)

1 & 2) The CoC notified the public, including organizations not previously funded, that it was accepting and considering FY 2021 CoC Program proposals from organizations that hadn't previously received CoC Program funding through an ad placed in the Scranton Times Tribune, which is the most widely distributed publication throughout the county, on September 27, 2021. Notice was also sent to CoC members via e-mail regarding the RFP on September 16, 2021. The availability of new funds was also discussed at the CoC Board of Directors meetings on July 13, 2021, and September 14, 2021. The application was made available on the publicly accessible United Neighborhood Center's website on September 16, 2021. 3) Notices advised that e-mail would be the method of proposal submission. 4) Public notices advised that the CoC would convene a panel of objective individuals who would review and score proposals, with the CoC including the highest scoring proposal(s) in the priority listing submitted to HUD for funding. The CoC convened an evaluation committee comprised of 3 objective individuals who do not receive and had not applied for CoC funding within this county. These evaluators used a standardized scoring tool to develop consensus on the application scores. The applicant(s) with the highest score were included in the FY 2021 Competition process. 5) The CoC ensures effective communication with people with disabilities by ensuring that electronic communications are accessible (readable by Text2Speech, with images including alt text) as well as offering documents in PDF format. Further, the CoC ensures that the CoC Director's phone and email contact information is listed with all electronic communications. The Director is easily accessible to assist interested parties, including those with disabilities, in accessing needed information.

1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;	
2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;	
3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and

(limit 2,000 characters)

1) The CoC collaborates with Scranton's Office of Economic and Community Development, which oversees development of the Scranton Consolidated Plan, and acts as administrator for ESG and ESG-CV funding. The Scranton Con Plan Jurisdiction encompasses over 85% of our projects/units. The CoC consults with the Con Plan Jurisdiction and ESG program recipients bi-monthly (at least 1 hour/month) at CoC and Housing Coalition meetings, where UNC provides ESG program recipients with HIC/PIT data, and allocation of ESG funds is discussed. In addition, phone calls and e-mails are exchanged regularly. To determine funding allocation, the CoC board comes together to determine community need with HIC/PIT, LSA, and CE data and works with Scranton to choose programs that best move the community towards ending homelessness. The CoC provides all HMIS data as requested by the city. For the state jurisdiction (PA), the CoC obtains certification of consistency with PA's Con Plan and attends quarterly state-wide meetings, usually lasting 1.5 hours each, where community needs, statewide and HUD initiatives, among other relevant topics, are discussed. PA has access to the CoC's HIC/PIT data which is reported out during these meetings, and we are open to further involvement. 2) The CoC participates in evaluating and reporting the performance of ESG program recipients and sub-recipients by providing relevant HIC/PIT, LSA, and Coordinated Assessment data to the Con Plan Jurisdiction. 3) The CoC provides HIC and PIT count data to the City of Scranton Con Plan Jurisdiction through CoC and Housing Coalition meetings (held at least bi-monthly) and provides HIC and PIT count data to the state jurisdiction through quarterly statewide meetings. 4) The CoC ensures local information is clearly communicated to the Con Plan jurisdictions by sharing at meetings, making comments on the Con Plan and helping integrate local homeless data into the Con Plan, and giving system-wide updates as requested.

1C-3.	Ensuring Families are not Separated.	
	NOFO Section VII.B.1.c.	

	Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported gender:

2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
3.	Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5.	Sought assistance from HUD by submitting AAQs or requesting technical assistance to resolve noncompliance of service providers.	No
6.	Other. (limit 150 characters)	

1C-4.	CoC Collaboration Related to Children and Youth–SEAs, LEAs, Local Liaisons & State Coordinators.	
	NOFO Section VII.B.1.d.	

	Describe in the field below:
1.	how your CoC collaborates with youth education providers;
2.	your CoC's formal partnerships with youth education providers;
3.	how your CoC collaborates with State Education Agency (SEA) and Local Education Agency (LEA);
4.	your CoC's formal partnerships with SEAs and LEAs;
5.	how your CoC collaborates with school districts; and
6.	your CoC's formal partnerships with school districts.

(limit 2,000 characters)

1) The CoC collaborates with youth education providers by presenting the regulations on the rights of homeless children and an overview of all CoC services available to all of the school districts' faculty and staff within the county as well as some early childhood education providers, including Head Start. Information presented focuses on the coordinated entry system and prevention services, as most homelessness reported by local school districts includes families or individuals who are doubled-up or couch-surfing. During these presentations, teachers, staff, and homeless liaisons are urged to refer all families in need of any assistance to our network of services, and especially those families meeting the educational definition of homelessness. These presentations were established with the assistance of the local Office of Youth and Family Services and the Education for Children and Youth Experiencing Homelessness (ECYEH) Liaison, who is available to schools for additional advocacy and assistance in accessing education. 2) The CoC collaborates with youth education providers through monthly Youth and Education Subcommittee Meetings, where issues related to youth and education are discussed. 3-6) The CoC collaborates with SEAs, LEAs, and districts through regular communications with staff within each entity. The ECYEH Liaison attends CoC meetings, as do some local district Homeless Liaisons. The ECYEH Liaison is also used as a point of contact with school counselors, teachers, superintendents, and early education programs. These relationships are helping to provide the CoC with additional local data and systems knowledge which the CoC uses to find solutions such as increased prevention and diversion efforts, better youth count strategies, and an increase in youth supportive housing beds.

1C-4a.	CoC Collaboration Related to Children and Youth–Educational Services–Informing Individuals and Families Experiencing Homelessness about Eligibility.	
	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,000 characters)

The educational policies and procedures the CoC adopted to inform individuals and families who become homeless are 1) all providers serving children and youth must have an educational liaison; 2) all providers must share information on educational rights to homeless families upon program entry; and 3) provider staff must facilitate and coordinate educational access for the child/children at the school(s) and/or educational site(s) the family chooses and as is within their rights.

1C-4b.	CoC Collaboration Related to Children and Youth–Educational Services–Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section VII.B.1.d.

1C-5.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Annual Training–Best Practices.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC coordinates to provide training for:
1.	Project staff that addresses safety and best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and
2.	Coordinated Entry staff that addresses safety and best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).

(limit 2,000 characters)

1 and 2) The CoC conducts annual training given by Women's Resource Center, which serves as the local Victim Service Provider (VSP), as well as trainings provided by the community based mental health provider for CoC and ESG, including Coordinated Entry (CE) staff, and other social service providers. The training addresses the dynamics of DV, including identification, trauma-informed care, risk assessment, security concerns, safety planning, and best practices in serving survivors of domestic violence, dating violence, sexual assault, stalking, and human trafficking. Trainings also include the CE process for survivors, administering the VI-SPDAT, available housing resources, and how to safely collect and record personal information. Trainings also include client-centered services (i.e. affirming the client's ability and right to make his/her own choices). Additional related web-based trainings are offered to DV, sexual assault, homeless service and CE staff multiple times per year on topics including working with people who have experienced multiple traumas, especially women, people with disabilities, LGBTQ people and other underserved communities, and how to make informed referrals that strengthen providers' responses to survivors of violence.

1C-5a.	**Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Using De-identified Aggregate Data.**	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC uses de-identified aggregate data from a comparable database to assess the special needs related to domestic violence, dating violence, sexual assault, and stalking survivors.

(limit 2,000 characters)

The CoC uses HMIS and HMIS-comparable database data as well as additional Victim Service Provider (VSP) database data to assess the scope of needs related to domestic violence, dating violence, sexual assault, and stalking. The HMIS-comparable database is used by VSP, which allows for collecting HUD required data of survivors while ensuring VAWA compliance. The CoC uses de-identified, disaggregated data to identify the special needs of survivors. Data collected in the comparable database is used, for example, to identify the demographic makeup of the population, previous living situations, sources and amounts of employment and non-employment income, and information on disabling conditions. The CoC uses these data points to inform service delivery and training needs. In addition, information from this system is used to evaluate the extent to which CoC-funded DV projects meet survivors' needs, i.e. increasing earned and other income, ensuring enrollment into non-cash benefits and helping survivors maintain PH and exit to PH. All HUD required data is collected and entered by non-VSPs about DV survivors into HMIS. Victims sign a waiver to be entered into HMIS and are counseled around any potential risks to safety. An additional option is to have victims demographic information entered "anonymously," where PII is not linked with a person's name, etc. This data is analyzed in the same way the comparable database information is to ensure that households can access appropriate services and that those services are effective. Data from VSP data system are also used. These data offer an even broader scope of community needs, beyond housing, such as a need for economic advocacy and the nuances needed in outreach for victims,

including human trafficking.

1C-5b.	**Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Coordinated Assessment–Safety, Planning, and Confidentiality Protocols.**	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC's coordinated entry system protocols incorporate trauma-informed, victim-centered approaches while maximizing client choice for housing and services that:
1.	**prioritize safety;**
2.	**use emergency transfer plan; and**
3.	**ensure confidentiality.**

(limit 2,000 characters)

1-3) The CoC's protocols prioritizing safety and incorporating trauma-informed, victim-centered services, include: adoption of an emergency transfer plan (ET) that requires all providers to use consistent procedures allowing for victims to exit programs for reasons of safety. Victims of DV, dating violence, sexual assault, stalking and/or human trafficking who identify a threat of imminent harm from further violence by remaining in their current residence can request an ET to a new unit. The ET plan and CoC policies require safety, privacy, choice, and access to trauma-informed, victim-centered services for all survivors. The CoC provides free training on trauma-informed care for all housing service providers, including coordinated entry staff. In the instance where a HH comes to the system through coordinated entry, once the HH is identified as DV, the HH is referred to a DV provider, which can provide lethality screening and connection to DV safe housing (shelter), taking care to provide private meeting space, maintaining confidentiality and keeping all PII confidential, sharing information only with a signed release. Safety planning is conducted via CoC and/or Victim Service Provider (VSP) staff. Survivors may enter the homeless services system via the local Victim Services Provider, a CoC member, or via the Coordinated Entry System. 2)Both VSP and non-VSP providers take individual circumstances and safety needs into account when conducting assessments and making referrals, taking care to uphold client choice within the available safe options for housing and services, including client and provider coming up with additional options if none provided were acceptable. The Coordinated Entry System allows providers to connect HH to any safe housing options within the CoC, maximizing client choice for housing and services.

1C-6.	**Addressing the Needs of Lesbian, Gay, Bisexual, Transgender–Anti-Discrimination Policy and Training.**	
	NOFO Section VII.B.1.f.	

1.	**Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBT individuals and families receive supportive services, shelter, and housing free from discrimination?**	Yes
2.	**Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?**	Yes
3.	**Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access to Housing in HUD Programs in Accordance with an Individual's Gender Identity (Gender Identity Final Rule)?**	Yes

1C-7.	Public Housing Agencies within Your CoC's Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy. You Must Upload an Attachment(s) to the 4B. Attachments Screen.

1C-7a.	Written Policies on Homeless Admission Preferences with PHAs.	
	NOFO Section VII.B.1.g.	

	Describe in the field below:
1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference–if your CoC only has one PHA within its geographic area, you may respond for the one; or
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.

(limit 2,000 characters)

1) The two largest PHAs within the CoC's geographic areas – Housing Authority of the County of Lackawanna and the Scranton Housing Authority – have adopted a homeless admission preference. The third PHA within our jurisdiction – Carbondale Housing Authority – has not adopted a homeless preference. In order to encourage them to adopt such a policy, the CoC invites the Housing Authority to CoC Public and General meetings. In addition, CoC member agencies have attended quarterly meetings with the Housing Authorities to discuss homeless issues, problem-solve around specific cases in order to prevent eviction, and present information about those experiencing homelessness throughout the county. We have used these meetings to explore options for better collaboration. The Carbondale Housing Authority has the lowest population of households experiencing homelessness of the three authorities. Specific action steps taken are attending quarterly meetings with Housing Authority representatives, asking the remaining HA to adopt a homeless preference, presenting data on local homelessness, and building and maintaining a working relationship by assisting with application processes, eviction prevention, etc. The CoC and County HHS office have also convened a monthly multi-disciplinary team/Housing Authority meeting to provide additional eviction prevention support as well as serve to support Move-On programs once they are adopted. 2) Not applicable.

1C-9a.	Housing First–Project Evaluation.	
	NOFO Section VII.B.1.i.	

Describe in the field below how your CoC regularly evaluates projects to ensure those that commit to using a Housing First approach are prioritizing rapid placement and stabilization in permanent housing and are not requiring service participation or preconditions of program participants.

(limit 2,000 characters)

Staff from UNC meets regularly with housing providers funded through the CoC to review the Coordinated Entry and Chronic Homeless rankings to ensure that those who are entered are accepted based on eligibility and ranking. Further, UNC staff review the program rules/eligibility requirements for all funded

housing providers to ensure that they adhere to a Housing First approach, and do not place undue requirements on accessing housing (such as requirements for sobriety, income, accessing supportive services). To ensure CoC funded housing providers are prioritizing rapid placement and stabilization in permanent housing, UNC staff review outcome data for each funded program, including the percentage of households served placed into permanent housing, the average length of time from program entry to placement into permanent housing, and the percentage of households placed into permanent housing who retain permanent housing. These outcomes are used to score renewal proposals, and programs that are not performing well as relates to permanent housing placement will be provided with technical assistance to help improve participant outcomes.

3.	how often your CoC conducts street outreach; and
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.

(limit 2,000 characters)

1) CoC outreach identifies and engages households living in environs unfit for human habitation at least weekly, scouting known and rumored locations where people experiencing homelessness converge throughout the county via word of mouth with the area's homeless and fluid communication and collaboration among housing, homeless and other providers, including local and state police. 2) CoC's Street Outreach covers 100 percent of the CoC's geographic area by making at-least weekly rounds to homeless camps and other known locations where the homeless sleep throughout the county, as well as following up on calls from local citizens and other providers/community organizations outlined above. 3) The CoC conducts street outreach at least weekly as described above and on an as-needed basis depending on reports from aforementioned organizations and community members, including homeless and formerly homeless individuals. 4) The CoC tailors its street outreach to persons experiencing homelessness who are least likely to request assistance by ensuring homeless information and services are available via local hotline and internet; and ensuring outreach workers have access to a 24-7 phone translation service for non-English speakers. Additional outreach is provided by SSVF and VA providers specific to Veterans. Providers collaborate to meet clients where they are. As such, if any of the following barriers exist: transportation, language, mobility, technical access, or any disability, outreach

teams utilize resources mentioned above as well as going to the client, accessing cell phones for clients, working with behavioral health or independent living providers, including the Blind Association, to tailor outreach to the individual.

1.	systemically providing up to date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;
2.	communicating information about available mainstream resources and other assistance and how often your CoC communicates this information;
3.	working with projects to collaborate with healthcare organizations to assist program participants with enrolling in health insurance; and
4.	providing assistance with the effective use of Medicaid and other benefits.

(limit 2,000 characters)

1)The CoC works with mainstream programs that assist persons experiencing homelessness to apply for and receive benefits in the following ways: ensures all agencies have staff who have completed SOAR training (including by providing training to agency staff); funded programs incorporate routine connection of participants with mainstream benefits, childcare and early childhood educational resources including assistance in completion of any forms, collection of necessary documents, transportation and follow-up; use of committees to present and share current information on mainstream resources. 2) The CoC keeps program staff up-to-date regarding mainstream resources by providing a bi-annual training given by local providers with information on how to access resources and convening information sharing opportunities on topics stated above as well as sharing additional provider education opportunities such as conferences, webinars and trainings on best practices via e-mail, and meeting announcements. 3) The CoC has healthcare navigators to assist individuals in enrolling in appropriate health insurance. CoC Lead UNC has a community health department that includes an RN and LPN on staff to assist in connecting individuals to appropriate healthcare/providing needed healthcare. Additionally, the CoC has a healthcare subcommittee that focuses on healthcare-related issues, including issues related to health insurance. 4) CoC healthcare navigators assist clients in identifying healthcare providers that accept Medicaid, and assist clients in understanding their benefits. Further, the CoC board includes the Executive Director of a local Federally Qualified Health Center, providing valuable information on access to healthcare and effective utilization of Medicaid and other benefits.

1C-14.	Centralized or Coordinated Entry System–Assessment Tool. You Must Upload an Attachment to the 4B. Attachments Screen.

1.	covers 100 percent of your CoC's geographic area;
2.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
3.	prioritizes people most in need of assistance; and
4.	ensures people most in need of assistance receive assistance in a timely manner.

(limit 2,000 characters)

1) The CoC's Coordinated Entry/Assessment System covers the entire CoC geographic area via community homeless outreach efforts from all service providers, and, especially, CiC and CSS as their office locations in various parts

of the county facilitate the ability to go to where people experiencing homelessness have been observed and/or reported. Outreach is regularly conducted in known and rumored homeless locations, libraries, and all school districts within the county. Agencies also provide transportation as necessary and, when agreeable to persons experiencing homelessness, to office locations where the assessment can be completed and data entered in HMIS. 2) A brochure has been developed that is distributed among ESG, CoC, CDBG and legal service providers, early childhood programs, schools, the City of Scranton, behavioral health and physical healthcare providers, and food distribution centers to inform all community members about the Coordinated Entry/Assessment system and how to access it. Live presentations, including Q&A time, have accompanied brochures for many of the aforementioned providers. Depending on the service provider, translation services are available on-site, or via phone for those needing that assistance. For others needing special assistance, the system utilizes the victim service providers (CoC member and service provider), the Center for Independent Living, and local behavioral healthcare providers to assist those with different risks, abilities, and skill levels. 3 and 4) This CoC uses the VI-SPDAT as part of the Coordinated Entry/Assessment system. This, in combination with the length of time homeless data and case conferencing to present any information not captured by the VI-SPDAT, prioritizes people most in need of assistance, ensuring assistance that is as timely as possible given the resources available.

1C-15c.	Promoting Racial Equity in Homelessness Beyond Areas Identified in Racial Disparity Assessment.	
	NOFO Section VII.B.1.o.	

	Describe in the field below the steps your CoC and homeless providers have taken to improve racial equity in the provision and outcomes of assistance beyond just those areas identified in the racial disparity assessment.	

(limit 2,000 characters)

UNC and the CoC have actively engaged organizations that serve populations that are currently underrepresented within the CoC. This includes engaging with the Butanese Cultural Center and Black Scranton Project to inform them about the services available through the CoC and funding available through the CoC, and coordinating services for mutual participants. In response to COVID-19, the CoC coordinated with the Butanese Cultural Center to host a vaccine clinic at their facility, providing access to the vaccine through a credible messenger. Additionally, the CoC has actively and intentionally increased conversations at CoC meetings around the importance of identifying and addressing disparities within the CoC to improve racial equity in the provision and outcomes of services. As part of these efforts, UNC created a community voice committee that strives to bring voices of all community members to ensure programs and services address diverse communities' needs. The CoC also strives to achieve

racial equity in staffing, both with the CoC lead (UNC) and with CoC member agencies. The CoC Director is a person of color, as is the other UNC staff person who provides additional oversight and supervision to the CoC process. Further, a significant portion of direct service staff within the CoC are people of color and individuals from other underserved communities (LGBTQ individuals), as well as individuals with lived experience with homelessness. UNC and our member agencies will continue to strive to ensure the individuals providing services on behalf of the CoC are diverse and representative of the people who are homeless we serve.

1D-1.	Safety Protocols Implemented to Address Immediate Needs of People Experiencing Unsheltered, Congregate Emergency Shelter, Transitional Housing Homelessness.	
	NOFO Section VII.B.1.q.	

	Describe in the field below protocols your CoC implemented during the COVID-19 pandemic to address immediate safety needs for individuals and families living in:
1.	unsheltered situations;
2.	congregate emergency shelters; and
3.	transitional housing.

(limit 2,000 characters)

1.unsheltered situations;
In response to the COVID-19 pandemic, the CoC implemented a motel voucher
program that allowed individuals who are unsheltered to receive shelter in a
hotel/motel (vs. in a congregate living facility).

Additionally, CoC agency Catholic Social Services operates St. Anthony's
Haven, which provides shelter (with appropriate safety protocols in place) to
address the immediate needs of individuals living in unsheltered situations. CoC
agency Catherine McCauley Center hosts outdoor meetings to address the
needs of those who are unsheltered, and distributes PPE materials to those
who are unsheltered (with contactless pick-up of supplies available upon
request). CoC agency Women's Resource Center has the capacity to respond
to all requests for emergency shelter, as they use hotels/motels (vs. congregate
living facilities) to provide emergency shelter. WRC received significantly
increased funding during COVID through the CARES Act, allowing them to
provide increased emergency shelter through motels throughout the COVID-19
pandemic.

2.congregate emergency shelters; and
CoC agencies reduced bed capacity in congregate shelters to support social
distancing, required/provided masks for clients and staff, provided PPE to staff,
increased sanitation protocols, and increased the use of motel vouchers as an
alternative to congregate housing. Participants were screened for COVID-19
symptoms prior to entry. Several agencies are providing transportation to
vaccine clinics for shelter clients who want to be vaccinated.

3.transitional housing.

TH is provided through a scattered site model, and agencies use virtual tools to conduct case management. Participants are offered transportation to vaccine clinics. Participants are provided with PPE and sanitation supplies. For participants who contract COVID-19, agencies use contactless drop-off of food and supplies. One agency is conducting PCR testing for participants who want it.

1D-2.	**Improving Readiness for Future Public Health Emergencies.**	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC improved readiness for future public health emergencies.

(limit 2,000 characters)

The COVID-19 pandemic brought to the forefront the importance of having public health protocols in place to allow CoC agencies to swiftly, safely, and effectively respond to public health emergencies while continuing to meet the daily needs of the people who are homeless in our community, many of whom are at the highest risk during a public health emergency.

The CoC lead now works closely with local officials, including City and County public health officials, to regularly discuss COVID-19 and other health concerns. The CoC lead will maintain these relationships post-COVID, ensuring that we are informed of current public health needs and disseminating information to CoC member agencies to ensure agencies provide safe, appropriate care for those who are homeless. The City of Scranton recently hired a Public Health Coordinator for the express purpose of improving readiness for future public health emergencies in Scranton, and the CoC lead is in close communication with the Public Health Coordinator to discuss response to COVID and future public health emergencies.

1D-3.	**CoC Coordination to Distribute ESG Cares Act (ESG-CV) Funds.**	
	NOFO Section VII.B.1.q	

	Describe in the field below how your CoC coordinated with ESG-CV recipients to distribute funds to address:
1.	**safety measures;**
2.	**housing assistance;**
3.	**eviction prevention;**
4.	**healthcare supplies; and**
5.	**sanitary supplies.**

(limit 2,000 characters)

1.safety measures;

The CoC did not coordinate with ESG-CV recipients to distribute ESG-CV funds to address safety measures. The CoC did help to coordinate the distribution of resources related to safety measures, including PPE for staff and clients, and

helped facilitate the dissemination of information related to necessary safety measures to be taken in response to COVID-19.

2.housing assistance;
The CoC worked with member agencies (including Women's Resource Center) to facilitate a hotel-based emergency shelter program. Those who are homeless are provided with scattered-site emergency shelter in hotels. WRC was already using this model and received significant ESG-CV funds to support expanded housing using this model. Additionally, the CoC used ESG-CV funds to hire a Housing Navigator who assisted those who were homeless in securing permanent housing.

3.eviction prevention;
The CoC used ESG-CV funds to support a program providing rent, mortgage, and utility assistance to prevent evictions/support homelessness prevention activities. The CoC worked in conjunction with the County through their Emergency Rental Assistance (ERA) program to connect those at-risk of homelessness to needed assistance. Through this partnership, CoC agencies provided case management services and assisted households in applying for ERA funds.

4.healthcare supplies; and
The CoC did not coordinate with ESG-CV recipients to distribute funds to address healthcare supplies. However, the CoC did work with CoC member agencies and ESG-CV recipients, and other community entities, to facilitate vaccine clinics that served those who were homeless.

5.sanitary supplies.
The CoC did not coordinate with ESG-CV recipients to distribute funds to address sanitary supplies. However, CoC member agencies did distribute sanitary supplies to participants in scattered-site TH and PSH. The CoC ensured all member agencies had access to sanitary supplies for any congregate housing programs.

1D-4.	CoC Coordination with Mainstream Health.	
	NOFO Section VII.B.1.q.	

	Describe in the field below how your CoC coordinated with mainstream health (e.g., local and state health agencies, hospitals) during the COVID-19 pandemic to:
1.	decrease the spread of COVID-19; and
2.	ensure safety measures were implemented (e.g., social distancing, hand washing/sanitizing, masks).

(limit 2,000 characters)

1.decrease the spread of COVID-19; and
The CoC had a strong relationship with mainstream healthcare providers prior to the COVID-19 pandemic, as the Executive Director of the FQHC in Scranton sits on the CoC Board. The CoC leveraged this existing partnership to rapidly respond to the COVID-19 pandemic to decrease the spread of COVID-19 amongst those who are homeless. The CoC rallied with Scranton Primary (the FQHC) and other mainstream healthcare providers to identify ways to keep the community safe and slow the spread. This included disseminating information, distributing masks, hand sanitizer, and other PIE, and ensuring that emergent

needs were handled and community members were connected to trusted organizations. As soon as tests – and later, vaccines – were made available, CoC member agencies worked with mainstream health providers to conduct testing and vaccine clinics for vulnerable populations. The CoC continues to facilitate weekly meetings to discuss COVID-19 and ways to increase vaccination rates. Lastly, where feasible CoC member agencies connected with consumers virtually (via phone or video conference).

2.ensure safety measures were implemented (e.g., social distancing, hand washing/sanitizing, masks).
The CoC coordinated with mainstream healthcare providers to ensure materials (such as PPE, signage, etc.) were provided to member organizations at no cost, and ensured that information and materials were made available to community members.

1D-5.	Communicating Information to Homeless Service Providers.	
	NOFO Section VII.B.1.q.	

	Describe in the field below how your CoC communicated information to homeless service providers during the COVID-19 pandemic on:	
1.	safety measures;	
2.	changing local restrictions; and	
3.	vaccine implementation.	

(limit 2,000 characters)

1, 2, and 3) The CoC lead communicated information about the COVID-19 pandemic to homeless service providers through email blasts, monthly meetings, individual outreach to member organizations to inform them of availability of testing/vaccines, including providing dates/times of clinics. The information communicated via email, meetings, and individual calls included details on safety measures recommended/required by public health authorities (such as social distancing requirements in congregate settings, recommendations for masking/sanitation, etc.), as well as details on changes to local restrictions (such as evolving mandates regarding masks and vaccines), and, most recently, vaccine implementation. The CoC sends regular email blasts regarding available vaccine clinics, and CoC member agencies provide transportation to vaccine clinics to support vaccine implementation. Further, the CoC lead has strategically partnered with several entities that are not members of the CoC to support vaccine implementation amongst underserved populations. This includes a partnership with the Butanese Cultural Center to facilitate vaccine clinics at the Cultural Center.

1D-6.	Identifying Eligible Persons Experiencing Homelessness for COVID-19 Vaccination.	
	NOFO Section VII.B.1.q.	

	Describe in the field below how your CoC identified eligible individuals and families experiencing homelessness for COVID-19 vaccination based on local protocol.	

(limit 2,000 characters)

The CoC provides all CoC member agencies with information about available vaccine clinics, including providing information about clinic dates/times. Member agencies then share this information with the individuals they serve and connect individuals to information about the vaccines. Several CoC member agencies provide transportation to vaccine clinics/appointments for their clients who are interested in receiving the vaccine. Additionally, as noted above, the CoC worked with the Butanese Cultural Center and other entities to facilitate vaccine clinics targeting underserved populations.

The CoC further identified eligible individuals and families experiencing homelessness for COVID-19 vaccination using the CoC network of providers and HMIS. Additionally, the community served uses the 211 system to coordinate access to community resources. Using 211, any community member can dial 211 to be connected with a specialist who will assist with an array or needs, connecting individuals to housing providers for those in need of assistance. 211 can also connect individuals to vaccination clinics, and the CoC collaborates with 211 to support individuals in getting to vaccine clinics. Lastly, the CoC uses Aunt Bertha, and is able to create and follow-up with referrals to community organizations.

1D-7.	**Addressing Possible Increases in Domestic Violence.**	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC addressed possible increases in domestic violence calls for assistance due to requirements to stay at home, increased unemployment, etc. during the COVID-19 pandemic.

(limit 2,000 characters)

The CoC addressed possible increases in domestic violence calls for assistance during the COVID-19 pandemic by collaborating with Women's Resource Center (the victim service provider in our CoC) to expand their hotel-based Emergency Safe Housing (ESH) program. Women's Resource Center already used hotels to provide ESH to survivors of domestic violence and sexual assault pre-COVID. As a result, they were well-positioned to expand the use of hotels in providing Emergency Safe Housing (ESH) for victims of DV during COVID. In fact, hotel management was very willing to engage with WRC to provide ESH for victims of DV because travel restrictions and quarantine requirements meant they had many open rooms. WRC received a significant increase in funding from the Pennsylvania Coalition Against Domestic Violence (PCADV) Cares Act allocation, which provided needed funding to support increased requests for ESH and increased lengths of stay. Hotel use for ESH allowed for significant versatility in choosing locations to ensure participant safety.

1D-8.	**Adjusting Centralized or Coordinated Entry System.**	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC adjusted its coordinated entry system to account for rapid changes related to the onset and continuation of the COVID-19 pandemic.

(limit 2,000 characters)

Prior to COVID-19, a significant portion of Coordinated Entry intakes were conducted in person. Once COVID-19 hit, we rapidly transitioned to conducting the majority of Coordinated Entry intakes over the phone or via teleconference, reducing in-person contact while continuing to conduct intakes and connect individuals to needed housing and supportive services. The transition to telephone/virtual intakes has allowed the CoC to serve individuals who may not have otherwise been able/willing to come to a program facility for an in-person intake, allowing the CoC to expand the populations we can serve.

1E. Project Capacity, Review, and Ranking–Local Competition

To help you complete the CoC Application, HUD published resources at https://www.hud.gov/program_offices/comm_planning/coc/competition, including:
 - Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition
 - FY 2021 CoC Application Detailed Instructions–essential in helping you maximize your CoC Application score by giving specific guidance on how to respond to many questions and providing specific information about attachments you must upload
 - 24 CFR part 578

1E-1.	Announcement of 30-Day Local Competition Deadline–Advance Public Notice of How Your CoC Would Review, Rank, and Select Projects. You Must Upload an Attachment to the 4B. Attachments Screen.	
	NOFO Section VII.B.2.a. and 2.g.	

1.	Enter the date your CoC published the 30-day submission deadline for project applications for your CoC's local competition.	09/16/2021
2.	Enter the date your CoC publicly posted its local scoring and rating criteria, including point values, in advance of the local review and ranking process.	09/16/2021

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. You Must Upload an Attachment to the 4B. Attachments Screen. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria listed below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Used data from a comparable database to score projects submitted by victim service providers.	Yes
5.	Used objective criteria to evaluate how projects submitted by victim service providers improved safety for the population they serve.	Yes
6.	Used a specific method for evaluating projects based on the CoC's analysis of rapid returns to permanent housing.	Yes

1E-2a.	Project Review and Ranking Process–Addressing Severity of Needs and Vulnerabilities.	

NOFO Section VII.B.2.d.

	Describe in the field below how your CoC reviewed, scored, and selected projects based on:
1.	the specific severity of needs and vulnerabilities your CoC considered when ranking and selecting projects; and
2.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,000 characters)

1) The CoC considers the severity of needs and vulnerabilities of participants when determining project application priority using rates of project entries with high barriers as scoring criteria for renewal projects. Needs and vulnerabilities considered include: current/past substance abuse, MH diagnosis, physical disability, developmental disability, HIV/AIDS, chronic health condition, no income, and history of domestic violence, as well as rate of literal homelessness prior to project entry. For all of the above, the higher the rates of participants with one or more barriers entering the program, and/or the higher the rates of participants entering the program from homeless locations, the higher a project would score and rank. For new projects, the criteria for scoring includes participation in Coordinated Entry, which considers and highly prioritizes those with greater severity of needs and longer length of time homeless, target population served and the applicant's adherence to housing first (commitment to prioritizing project participants without pre-requisites such as sobriety, income, project participation, treatment, etc.) and barrier responses on project applications. 2) By allocating additional points in the renewal and new project scoring process to projects that serve high acuity populations, the CoC worked to ensure that projects that provide housing and services to difficult-to-serve populations that may, as a result, have lower performance levels but are needed to meet the needs of the CoC, remain eligible for funding. No renewal projects were identified for reallocation in 2021, as there were no projects achieving particularly low-performance levels, and all renewal projects were included in Tier 1 for full funding. In future rounds, the CoC will consider extenuating circumstances for programs that serve particularly high acuity participants if they are achieving lower performance levels in determining whether or not to fund the program.

1E-3.	Promoting Racial Equity in the Local Review and Ranking Process.	
	NOFO Section VII.B.2.e.	

	Describe in the field below how your CoC:
1.	obtained input and included persons of different races, particularly those over-represented in the local homelessness population, when determining the rating factors used to review project applications;
2.	included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process;
3.	rated and ranked projects based on the degree to which their program participants mirror the homeless population demographics (e.g., considers how a project promotes racial equity where individuals and families of different races are over-represented).

(limit 2,000 characters)

1, 2, and 3) The CoC obtained input from the full CoC board and CoC membership on the local review and ranking process. The review and ranking process was reviewed at board meetings held in March and May 2021,

providing board members with opportunities to provide input on the rating and ranking process. With CoC leadership still very much actively focused on responding to the COVID-19 pandemic, the CoC did not have the capacity to implement strategic efforts to incorporate rate/ranking criteria related to racial equity into the renewal or new project scoring criteria for the 2021 local competition. However, we are currently working to put into place opportunities to improve procedures related to promoting racial equity for the 2022 competition. This includes plans to actively outreach to organizations serving populations that are over-represented in the local homeless population to gather their input on the rating factors used to review project applications and to involve them in the review, selection, and ranking process of new and renewal applications. The CoC will work to strategically ensure that the panel reviewing/scoring/ranking renewal and new project applications reflects the diversity of our community broadly and the homeless population specifically. Lastly, the CoC will strategize with our board and organizations serving overrepresented populations to identify specific questions or scoring mechanisms that can be incorporated into the rank/review/scoring process to prioritize programs that serve participants that mirror the homeless population demographics, including considering how a project promotes racial equity where individuals and families of different races are over-represented.

1E-4.	**Reallocation–Reviewing Performance of Existing Projects. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criterion below.**	
	NOFO Section VII.B.2.f.	

	Describe in the field below:
1.	**your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;**
2.	**whether your CoC identified any projects through this process during your local competition this year;**
3.	**whether your CoC reallocated any low performing or less needed projects during its local competition this year;**
4.	**why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable; and**
5.	**how your CoC communicated the reallocation process to project applicants.**

(limit 2,000 characters)

1) The CoC's written process for reallocation involves an assessment of current community needs and the capacity of currently funded programs to adequately meet those needs, as well as the capacity, performance, and financial stability of new and renewal applicants and programs. In determining community needs and capacity to meet those needs, the CoC considered data from the PIT and HIC, APRs, as well as CES data, and the chronic homeless by-name-list. The CoC also took into account priorities identified by HUD and the CoC. To assess the capacity and performance of project applicants and programs, the CoC considered past performance data (from project APRs for renewal grants and data provided through the project application for new projects), including rates of placement into PH, PH retention, and returns to homelessness. The CoC also considered a project's level of participation in CES. 2 and 3) The CoC board approved the written reallocation process and decided not to reallocate funding for the 2021 application. 4) For 2021, the CoC did not identify any projects that were considered to be low-performing or for which there was low need. As a result, the CoC board decided not to reallocate any funding for the

2021 application. 5) The CoC communicated the reallocation process when communicating with currently funded applicants about the renewal process. This included details on how reallocation is determined, how the CoC would decide if reallocation was necessary, and how applicants would be notified if their project would be subject to reallocation. Renewal Project Applicants were encouraged to look critically at all of their projects to assess whether they align with CoC priorities and provide the most effective use of HUD funding for Scranton/Lackawanna County.

1E-4a.	**Reallocation Between FY 2016 and FY 2021. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criterion below.**	
	NOFO Section VII.B.2.f.

2A-4.	HMIS Implementation–Comparable Database for DV.	
	NOFO Section VII.B.3.b.	

	Describe in the field below actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC:	
1.	**have a comparable database that collects the same data elements required in the HUD-published 2020 HMIS Data Standards; and**	
2.	**submit de-identified aggregated system performance measures data for each project in the comparable database to your CoC and HMIS lead.**	

(limit 2,000 characters)

1 and 2) The CoC requires that all agencies receiving CoC funding enter data into HMIS, or, in the case of DV housing and service providers, enter data into a comparable database that collects the same data elements required in the HUD-published 2020 HMIS Data Standards. Women's Resource Center (WRC), the currently funded DV housing and services provider in the CoC, enters all participant data into an HMIS-comparable database that collects all required data elements and provides the CoC with de-identified aggregated reports including all required system performance measures data for each project in the comparable database. The CoC uses de-identified, disaggregated data to identify the special needs of survivors. Data collected in the comparable database is used, for example, to identify the demographic makeup of the population, previous living situations, sources and amounts of employment and non-employment income, and information on disabling conditions. The CoC uses these data points to inform service delivery and training needs. In addition, information from this system is used to evaluate the extent to which CoC-funded DV projects meet survivors' needs, i.e. increasing earned and other income, ensuring enrollment into non-cash benefits and helping survivors maintain PH and exit to PH. All HUD required data is collected and entered by non-VSPs about DV survivors into HMIS. Victims sign a waiver to be entered into HMIS and are counseled around any potential risks to safety. An additional option is to have the victim's demographic information entered "anonymously," where PII is not linked with a person's name, etc. This data is analyzed in the same way the comparable database information is to ensure that households are able to access appropriate services and that those services are effective.

2A-5.	Bed Coverage Rate–Using HIC, HMIS Data–CoC Merger Bonus Points.

1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and	
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.	

(limit 2,000 characters)

The only PSH beds not in HMIS are HUD-VASH and Domestic Violence beds. The CoC houses the Veterans master list and works closely with the VAMC to keep that current, exchanging data frequently. The CoC intends to increase this percentage by working with HUD Vets @ Home TA in order to gain insight on how other communities include these beds, develop and execute appropriate confidentiality agreements for data inclusion, and participate in discussion with regional and local HUD-VASH experts and staff to explore solutions, including direct input into this CoC's system and CSV import into the system. Additional action steps will depend on the solution, but may include working with the HMIS vendor to learn/facilitate the data import process and providing HMIS training to HUD-VASH staff. The current SSVF RRH Provider in our CoC currently does not input data into HMIS but we are working with them to resolve this issue. In addition, the only projects that are not utilizing the HMIS system, other that the HUD VASH program, are 15 Emergency Shelter beds. This year, we plan to continue dialogue with this shelter to determine ways to navigate the usage of HMIS for their shelter.

2C-1.	Reduction in the Number of First Time Homeless–Risk Factors.	
	NOFO Section VII.B.5.b.	

	Describe in the field below:
1.	how your CoC determined which risk factors your CoC uses to identify persons becoming homeless for the first time;
2.	how your CoC addresses individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time or to end homelessness for individuals and families.

(limit 2,000 characters)

1) To identify homeless risk factors, the CoC conducts fact-finding with
providers and institutions having discharged to homelessness and looks at data
from the LSA/AHAR reports. The CoC also works closely with mainstream and
general assistance providers as well as school districts to determine trends in
the population they are seeing leading to homelessness. 2) The CoC's efforts to
reduce the number of first-time homeless include diversion efforts built into the
Coordinated Entry (CE) system. CE is conducted for those who are literally
homeless as well as those at imminent risk of homelessness, identifying any
other resources (i.e. prevention, utility assistance, HAP case management, and
rental assistance) or avenues of support a household might use, and assisting
with referrals and connections to safely divert people from the homeless
system. In addition, the CoC participates in the re-entry task force to advocate
for improved home planning for justice-involved individuals. Two re-entry
housing programs within our network resulted from this process, and they work
to transition prisoners needing a higher degree of assistance upon exit to
permanent housing. The CoC shares information about the CE system with all
faculty and staff in all school districts within the county. Scranton School District
alone reported 247 homeless children last year who fell under the McKinney-
Vento Act. The CoC is working with the schools to ensure that all of these
families/youth are referred to CE & linked with appropriate diversion services.
The CoC also participates in the larger Housing Coalition, identifying & creating
low-income housing solutions for the county. 3) United Neighborhood Centers,
the CoC Lead Agency, oversees these strategies.

2C-2.	Length of Time Homeless–Strategy to Reduce.	

	NOFO Section VII.B.5.c.

	Describe in the field below:
1.	your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,000 characters)

1)The CoC's strategy to reduce LOT homeless includes increasing PH inventory using reallocation, bonus projects and philanthropic funds, and ensuring programs are housing first/low barrier. The CoC is requesting an additional 31 beds of RRH (18 for youth and 13 for survivors of DV) through CoC and DV Bonus projects included in the 2021 application. The CoC participates in landlord forums held by the local housing coalition, who keeps an inventory list of landlords willing to take clients in supportive housing programs to have an inventory of apartments when needed. The CoC employs case management in family and individual shelters in order to connect households with needed services, collect documents, complete PHA applications, etc. so as to move as quickly into PH as possible. Outreach efforts are also consistently employed, especially with those persons resistant to housing interventions. In addition, The CoC used ESG-CV funds to hire a Housing Navigator in 2021 to assist households in locating permanent housing. Lastly, CE efforts contribute to reduction in LOT homeless. 2. The CoC uses an assessment in the Coordinated Entry (CE) system to determine those households with the longest LOT homeless, using this as a factor in prioritizing those people for housing. CE participants have staff follow up until the household is permanently housed or cannot be reached after 90 days, ensuring timely assistance is given. 3. United Neighborhood Centers, the CoC Lead Agency, and CoC Board are responsible for overseeing this strategy.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing.	
	NOFO Section VII.B.5.d.	

	Describe in the field below how your CoC will increase the rate that individuals and persons in families residing in:
1.	emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations; and
2.	permanent housing projects retain their permanent housing or exit to permanent housing destinations.

(limit 2,000 characters)

1)The CoC's strategy to increase the rate at which individuals & persons in families in ES, SH, TH & RRH exit to PH include connection with mainstream resources, job opportunities & training, life skills training, behavioral & physical health care as well as improved protocols to assess & refer all shelter guests to appropriate, right-fitted, resources via the CE. The shelters employ case management to achieve the above while also collecting information for documents and applying for PHAs & other housing opportunities for clients. The CoC participates in an initiative to recruit & retain local landlords. Low-income housing units are allocated using a homeless preference. This, in addition to the homeless preference of 2 local PHAs is an additional strategy to increase exits

to PH. 2) In terms of households in PH other than RRH, to retain &/or exit to PH, some of the same strategies as above are used such as linkages to mainstream resources, behavioral & physical health care, & using CES to ensure referrals are made to the appropriate intervention for the level of client need. The CoC connects those no longer in need of intensive support services to sustainable housing options in the way of low income and subsidized housing as needed. CoC staff has been meeting with local housing authorities to both increases homeless entries & establish a move-on program with supports in place to facilitate the transition out of PSH. For all supportive housing program populations, the use of initial & regularly updated individual service programs, where client-centered services & best practices are utilized to move clients toward agreed-upon goals, continuously re-evaluating & re-tooling as circumstances change in order to both maintain & exit to PH destinations. Educational opportunities for staff such as motivational interviewing, housing first, & local resources contribute to this strategy as well.

2C-4.	**Returns to Homelessness–CoC's Strategy to Reduce Rate.**	
	NOFO Section VII.B.5.e.	

	Describe in the field below:
1.	how your CoC identifies individuals and families who return to homelessness;
2.	your CoC's strategy to reduce the rate of additional returns to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,000 characters)

1. The CoC identifies common factors of individuals and persons in families who return to homelessness by analyzing trends in the data for those who are returning to homelessness (System Performance Measures) and identifying interventions the CoC can either implement or strengthen to change those trends. 2. The CoC's strategy to reduce the rate of additional returns to homelessness includes increasing PH options such as Rapid Re-housing, which includes vital supports to create and maintain housing stability, increasing subsidized PH
options in the way of homeless preferences with low-income housing providers and PHAs, providing up-to-date trainings to staff on current best practices such as housing first and motivational interviewing, as well as presentations on local resources such as employment and mainstream resources. Program evaluations also help identify trends in which individual program/agency models may need improvement, and the requirement for accountability in outcomes facilitates this. 3. United Neighborhood Centers as the CoC Lead Agency is responsible for overseeing these CoC strategies.

2C-5.	**Increasing Employment Cash Income-Strategy.**	
	NOFO Section VII.B.5.f.	

	Describe in the field below:
1.	your CoC's strategy to increase employment income;
2.	how your CoC works with mainstream employment organizations to help individuals and families increase their cash income; and

3.	**provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.**

(limit 2,000 characters)

1). The CoC's strategy to increase access to employment income includes a partnership with the Lackawanna County WDB through an MOU with CareerLink (WIOA one-stop) to promote employment opportunities, co-enroll individuals in CareerLink services, and connect individuals to private employers. Additionally, clients are assisted in completing job applications, collecting work-ready documents, accessing transportation, and providing life skills and soft skills education. CoC-funded agencies take clients to job interviews and job fairs to identify and secure employment. For those on the chronic homeless and Veteran by-name lists, funded agencies conduct case conferencing calls that include discussions of employment opportunities for these clients. To support employment opportunities for youth, the CoC oversees a youth in education subcommittee, which includes local employers who provide input on strategies to effectively connect youth to employment. This strategy also involves developing and presenting learning opportunities for CoC staff, including web-based training, presentations by local providers at CoC meetings, and more in-depth workshops on Workforce Development opportunities. 2) The primary mainstream employment organizations with which the CoC works are CareerLink, the EARN program, EOC and Pathstone. These organizations help clients with aptitude testing, counseling on employment options offering sustainable incomes, resume writing, interview training, providing updated lists of job opportunities and career training. Projects have included training on criminal record expungement and mainstream resources, facilitating information-sharing opportunities, and sharing additional provider education opportunities such as conferences, webinars and training on best practices via e-mail and meeting announcements. 3) UNC, as the CoC Lead Agency, is responsible for overseeing this strategy.

2C-5a.	**Increasing Employment Cash Income–Workforce Development–Education–Training.**
	NOFO Section VII.B.5.f.

	Describe in the field below how your CoC:
1.	**promoted partnerships and access to employment opportunities with private employers and private employment organizations, such as holding job fairs, outreach to employers, and partnering with staffing agencies; and**
2.	**is working with public and private organizations to provide meaningful education and training, on-the-job training, internships, and employment opportunities for program participants.**

(limit 2,000 characters)

1) The CoC promotes partnerships and access to employment opportunities with private employers and private employment organizations by working with CareerLink, which maintains relationships with private employers and has employment staff who assist individuals who are homeless as they connect to employment opportunities with private employers. Case management staff with CoC-funded agencies further assist individuals who are homeless in accessing employment opportunities by driving them to job interviews and job fairs, helping them create resumes and fill out job applications, and supporting them in securing documentation and other items required to secure employment. 2) the CoC is working with public and private organizations to provide meaningful education and training opportunities for those who are homeless, including

residents of PSH, through collaboration with CareerLink. CareerLink provides customized training programs for workers needing to attain, refine, and broaden their skills to meet current industry and workforce needs. It will provide training and job placement services for those who are homeless in the CoC, including those in PSH.

2C-5b.	Increasing Non-employment Cash Income.	
	NOFO Section VII.B.5.f.	

	Describe in the field below:
1.	your CoC's strategy to increase non-employment cash income;
2.	your CoC's strategy to increase access to non-employment cash sources; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

1 and 2) The CoC's strategy to increase access to non-employment cash sources include SOARS training for all PSH providers and funded programs linking participants with mainstream benefits. All funded programs incorporate routine connection of participants with mainstream benefits (including TANF, SSA, food stamps, medical assistance and behavioral health programs), childcare and early childhood educational resources including assistance in completion of any forms, collection of necessary documents, transportation, and follow-up, and use of committees to present and share current information on mainstream resources. The CoC systematically keeps program staff up-to-date regarding mainstream resources by providing a bi-annual training given by local providers with information on how to access resources, how to access assistance when questions and/or problems arise and sharing additional provider education opportunities such as conferences, webinars and trainings on best practices via e-mail, and meeting announcements. 3. United Neighborhood Centers as the CoC Lead Agency is responsible for overseeing this strategy.

Describe in the field below:

1.	how your CoC calculated the number of DV survivors needing housing or services in question 4A-2 element 1 and element 2; and	
2.	the data source (e.g. comparable database, other administrative data, external data source, HMIS for non-DV projects); or	
3.	if your CoC is unable to meet the needs of all survivors please explain in your response all barriers to meeting those needs.	

(limit 2,000 characters)

1) The CoC calculated the number of DV survivors needing housing or services using data provided by local DV provider Women's Resource Center (WRC). WRC reports that they served 1,493 adult survivors in Lackawanna County during fiscal year 2020-2021, of whom approximately 1/3 – or 448 households – need housing assistance.

2) The number of DV survivors served by WRC comes from their HMIS-comparable database (Efforts to Outcomes).

3) The CoC is unable to meet the needs of all survivors currently as a result primarily of a lack of housing units (transitional, RRH, PSH) within the CoC to meet the quantity of survivors in need of housing.

	Describe in the field below:	
1.	how the project applicant calculated the rate of housing placement and rate of housing retention reported in question 4A-4; and	
2.	the data source (e.g. comparable database, other administrative data, external data source, HMIS for non-DV projects).	

(limit 1,000 characters)

1. WRC had 58 households exit their housing programs in the past year, 53 of whom were placed into PH. 53/58 = 91.38%. 100% of the 53 households placed into PH retained PH for 90 days or longer. This 100% retention rate shows the effectiveness of WRC's housing stabilization services.
2. The data source was an HMIS comparable database and the most recent APR.

4A-4b.	Providing Housing to DV Survivor–Project Applicant Experience.	
	NOFO Section II.B.11.	

	Describe in the field below how the project applicant:	
1.	ensured DV survivors experiencing homelessness were assisted to quickly move into safe affordable housing;	
2.	prioritized survivors–you must address the process the project applicant used, e.g., Coordinated Entry, prioritization list, CoC's emergency transfer plan, etc.;	
3.	connected survivors to supportive services; and	
4.	moved clients from assisted housing to housing they could sustain–address housing stability after the housing subsidy ends.	

(limit 2,000 characters)

1) The WRC has been using a Housing First model since 2012, using an

innovative emergency shelter in hotels (ESH) model. Through this model, WRC began providing rental assistance to survivors and moving them into safe, affordable permanent housing as quickly as possible. Safety planning will always come first for survivors, given the risk for separation violence. WRC went from an average 40-day length of stay in the shelter to moving survivors into safe, permanent housing after an average 14 day stays in ESH. WRC seeks to reduce barriers for participants in the Safe Housing Program by not requiring sobriety, mental stability, and/or mandatory supportive services for entry.
2) WRC followed the CoC's protocols prioritizing safety and incorporating trauma-informed, victim-centered services, including: adopting an emergency transfer plan (ET) that involved WRC working with other CoC providers to follow consistent procedures allowing for victims to exit programs for reasons of safety. Victims of DV, dating violence, sexual assault, stalking and/or human trafficking who identified a threat of imminent harm from further violence by remaining in their current residence were able to request an ET to a new unit.
3) WRC has established relationships with a variety of community organizations and institutions, including: The Educational Opportunity Center (EOC) (education, training/tutoring), OUTREACH (employment services, child/parenting, Head Start enrollment, prison release), mental health providers (private therapists, SCC), healthcare providers (Maternal and Family Health, Wright Center), among others.
4) WRC took individual circumstances and safety needs into account when conducting assessments and making referrals, taking care to uphold client choice within the available safe options for housing and services. The CE System allowed providers to connect HH to any safe housing options within the CoC, maximizing client choice for housing and services.

4A-4c.	**Ensuring DV Survivor Safety–Project Applicant Experience.**	
	NOFO Section II.B.11.	

	Describe in the field below examples of how the project applicant ensured the safety of DV survivors experiencing homelessness by:
1.	**training staff on safety planning;**
2.	**adjusting intake space to better ensure a private conversation;**
3.	**conducting separate interviews/intake with each member of a couple;**
4.	**working with survivors to have them identify what is safe for them as it relates to scattered site units and/or rental assistance;**
5.	**maintaining bars on windows, fixing lights in the hallways, etc. for congregate living spaces operated by the applicant; and**
6.	**keeping the location confidential for dedicated units and/or congregate living spaces set-aside solely for use by survivors.**

(limit 5,000 characters)

1a) All WRC advocates are required to complete 65 hours of training on sexual abuse, domestic violence, stalking, and dating violence upon hire. Safety assessment and planning with survivors is an established, ongoing activity performed by WRC advocates.
1b) WRC keeps all communication between advocates and survivors confidential unless there is an informed, time-limited, written release as mandated by law and policy. WRC adheres to VAWA policies on victim confidentiality. WRC's services are survivor-driven and trauma-informed.

Advocates conduct intakes in private offices; ensuring survivors are able to have private conversations with WRC advocates. Sound machines are used outside office doors as an added measure for privacy. Additionally, WRC provides mobile advocacy services whereby survivors have the option for advocates to meet them at a location determined to be safe and convenient.
1c) WRC does not provide services to couples. CoC Coordinated Assessment agencies conduct separate intake interviews with each member of any couple that comes to them for assistance and will refer any individuals identified as survivors of domestic or sexual violence to WRC for further assistance.
1d) The WRC Joint TH-RRH project will have a scattered site model that considers neighborhood choice based on the survivor's safety risks and allied support systems.
1e) WRC will not be including any congregate living spaces for the proposed project.
1f) The project does not include dedicated units or congregate living spaces set aside solely for use by survivors.

4A-4c.1.	**Evaluating Ability to Ensure DV Survivor Safety–Project Applicant Experience.**	
	NOFO Section II.B.11.	

	Describe in the field below how the project evaluated its ability to ensure the safety of DV survivors the project served.

(limit 2,000 characters)

Given the understanding that survivors of domestic violence and sexual abuse are at increased risk for severe injury or death when planning to separate from an abusive partner; WRC's advocates conduct a detailed history of abuse, ongoing risk assessment and safety planning with all survivors engaged in the leaving process. WRC also provides 24-hour access to crisis intervention and system advocacy services.

4A-4d.	**Trauma-Informed, Victim-Centered Approaches–Project Applicant Experience.**	
	NOFO Section II.B.11.	

	Describe in the field below examples of the project applicant's experience in using trauma-informed, victim-centered approaches to meet needs of DV survivors in each of the following areas:
1.	prioritizing program participant choice and rapid placement and stabilization in permanent housing consistent with participants' preferences;
2.	establishing and maintaining an environment of agency and mutual respect, e.g., the project does not use punitive interventions, ensures program participant staff interactions are based on equality and minimize power differentials;
3.	providing program participants access to information on trauma, e.g., training staff on providing program participants with information on trauma;
4.	emphasizing program participants' strengths, e.g., strength-based coaching, questionnaires and assessment tools include strength-based measures, case plans include assessments of program participants strengths and works towards goals and aspirations;
5.	centering on cultural responsiveness and inclusivity, e.g., training on equal access, cultural competence, nondiscrimination;
6.	providing opportunities for connection for program participants, e.g., groups, mentorships, peer-to-peer, spiritual needs; and
7.	offering support for parenting, e.g., parenting classes, childcare.

(limit 5,000 characters)

WRC has more than 45 years' experience serving survivors of domestic violence, sexual abuse, dating violence and stalking in Lackawanna County. WRC established the WRC Economic Advocacy Project, with a Safe Housing Program (SHP) component, 10 years ago with the specific purpose of advancing the agency's economic justice work and developing a continuum of housing options for survivors fleeing abuse. WRC currently has a HUD COC grant to provide RRH for DV survivors in Lackawanna County. WRC serves an average of 1500 survivors (including children) each year; more than 1/3 of the requests WRC receives are for some type of housing assistance. All of WRC's programs operate using trauma-informed, victim-centered approaches, and all direct-service staff receive training on trauma-informed care upon hire and at least annually thereafter. WRC operates with a trauma-informed, empowerment-based counseling model driven by survivor-centered goal development.

(1) Upon entry into WRC's SHP, survivors meet with an advocate to initialize an assessment for traumatic brain injury (TBI) sustained during the violent relationship. Appropriate medical and psychological options are offered and advocated for if need be. By initializing TBI assessments, advocates become informed of the degree of past trauma; address individualized needs; create appropriate goal plans, and develop trust in the counseling relationship. Advocates engaged in survivor-centered advocacy strive to meet individual needs, as defined and prioritized by them. It is defined through partnership-building by focusing on the survivor's unique set of skills, strengths, and abilities, with the goal being greater autonomy, justice, and safety. The primary focus of WRC's existing programs has been on assisting survivors to access safe, stable PH as rapidly as possible while considering their safety needs and housing preferences. Survivor's housing preferences may include community, unit size, unit floor, accessibility, etc. WRC currently has a short 14 day average stay in its emergency safe housing before moving participants into PH.

 (2) WRC's guiding principles includes treating all individuals with respect and dignity. WRC does not use punitive interventions. WRC seeks to minimize power differentials by maintaining a diverse staff including individuals identifying as LGBTQ, bi-lingual/cultural and non-white.

 (3) WRC advocates receive ongoing training on trauma-informed interventions, as well as traumatic brain injury assessment and referral. WRC has established relationships with organizations that provide mental health services, SUD treatment, medical services, SOAR certified workers, ESL classes and other related services. WRC purchases materials, books and handouts to share with survivors and to use in counseling sessions that address the affects of trauma.

(4) WRC's approach is an empowerment-based counseling model driven by survivor-centered goal development. Survivor-driven goal planning focuses on the identification of participant's strengths. WRC uses a variety of tools to assist survivors in developing goal plans that have been created by a variety of experts in the field including NNEDV, OVW, and PCADV.

(5) WRC's commitment to diversity moves beyond mere tolerance, and embraces the diverse identities, perspectives, and experiences of survivors, staff, volunteers, board members, and other community partners. For example, WRC recently contracted with Jodi Pharr to provide diversity equity and inclusion training for all staff. It is WRC's practice to assess for ways to "screen in" participants versus "screening out" due to mental illness, drug addiction or other related issues. To ensure quality services to diverse and marginalized populations, all direct service staff receive training on cultural competency,

including training on nondiscrimination, equal access, and inclusivity. WRC employs Spanish-speaking advocates, and all forms and handouts are translated into Spanish. Translation for additional languages is provided via telephone.

(6) WRC and project partners OUTREACH and St. Joseph's Center deliver opportunities for connection through various support groups, such as parenting, job search, economic and housing, legal, and monthly educational dinners. Survivors will be connected to other group opportunities, including faith-based programs to meet spiritual needs as desired by the client.

(7) WRC connected participants with children to parenting and childcare services through OUTREACH (Head Start, parent-child programs, parenting education, child custody support), and WRC also maintains flexible funding to provide funds for childcare.

4A-4e.	Meeting Service Needs of DV Survivors–Project Applicant Experience.	
	NOFO Section II.B.11.	

	Describe in the field below:	
1.	supportive services the project applicant provided to domestic violence survivors experiencing homelessness while quickly moving them into permanent housing and addressing their safety needs; and	
2.	provide examples of how the project applicant provided the supportive services to domestic violence survivors.	

(limit 5,000 characters)

1 and 2) WRC provides a broad array of supportive services to domestic violence survivors experiencing homelessness while quickly moving them into permanent housing and addressing their safety needs, including:

Child Custody: OUTREACH provides child custody supports. WRC attorneys provide representation on child custody.

Legal Services: WRC's civil legal project provides legal services for custody, support, housing, credit, divorce, Protection from Abuse, immigration, and other civil legal needs. Referral to local Legal Aid and Pro Bono attorneys are additional options. WRC's Legal Advocates provide accompaniment and advocacy on civil and criminal matters.

Criminal History: OUTREACH specializes in serving women who are incarcerated, and has staff experienced at working with women in learning how to present their criminal history to landlords and employers.

Bad Credit History: WRC Advocates work with survivors to address poor credit histories that are often a result of financial abuse. WRC works closely with partners to address financial issues including Consumer Credit, UNC, and Educational Opportunity Center (EOC).

Education: EOC provides educational counseling, assistance with loan/grant applications; training/tutoring; and GED assistance.

Employment/Income: WRC works with OUTREACH, Dress for Success, EOC, and Career Link for job prep and placement. WRC has relationships with administrators of TANF, Medicaid, SLHDA and EARN. WRC is a member of Women in Philanthropy that supports a Matched Savings Program and provides micro-loans to women starting small businesses.

Physical/Mental Healthcare: WRC makes referrals to the Scranton Counseling Center (mental health), and Maternal and Family Health and Wright Center (medical care). WRC also has relationships with local physicians that provide pro bono assistance.

Drug/Alcohol Treatment: WRC refers survivors to DATS, private institutions, and dual diagnosis programs in surrounding cities.
Childcare: OUTREACH provides parent-child groups, including Head Start. WRC has funding to pay for childcare at a reduced rate with a local provider. WRC provides children's activities during informational group meetings at WRC.

4A-4f.	Trauma-Informed, Victim-Centered Approaches–New Project Implementation.	
	NOFO Section II.B.11.	

	Provide examples in the field below of how the new project will:
1.	prioritize program participant choice and rapid placement and stabilization in permanent housing consistent with participants' preferences;

WRC will leverage their more than 45 years' experience serving survivors of domestic violence, sexual abuse, dating violence and stalking in Lackawanna County to provide quality TH and RRH services for survivors through the proposed new project. Like all of WRC's current programs, the proposed program will operate using trauma-informed, victim-centered approaches, and all direct-service staff will receive training on trauma-informed care upon hire and at least annually thereafter. WRC operates with a trauma-informed, empowerment-based counseling model driven by survivor-centered goal development. Specific trauma-informed, victim-centered approaches that WRC will take include:
(1) Advocates engaged in survivor-centered advocacy will strive to meet individual needs, as defined and prioritized by them. It is defined through partnership-building by focusing on the survivor's unique set of skills, strengths, and abilities, with the goal being greater autonomy, justice, and safety. The primary focus of the joint TH-RRH project will be on assisting survivors to access safe, stable PH as rapidly as possible while considering their safety needs and housing preferences. Survivor's housing preferences may include community, unit size, unit floor, accessibility, etc. WRC currently has a short 14 day average stay in its emergency safe housing before moving participants into PH.

Income and Sources, Non-Cash Benefits

Indicate below the client's sources of **monthly** income, non-cash benefits and expenses.

The following instructions are quoted from the HMIS Data Manual:

- When a client has income, but does not know the exact amount, a "Yes" response should be recorded for both the overall income question and the specific source, and the income amount should be estimated.
- Income received by or on behalf of a minor child should be recorded as part of household income under the Head of Household, unless the federal funder in the HMIS Program Specific Manual instructs otherwise. Income should be recorded at the client-level for heads of household and adult household members. Projects may choose to collect this information for all household members including minor children, as long as this does not interfere with accurate reporting per funder requirements. Projects collecting data through client interviews should ask clients whether they receive income from each of the sources listed rather than asking them to state the sources of income they receive.
- Income data should be recorded only for sources of income that are current as of the information date (i.e. have not been specifically terminated). As an example, if a client's employment has been terminated and the client has not yet secured additional employment, the response for Earned income would be "No." As a further example, if a client's most recent paycheck was 2 weeks ago from a job in which the client was working full time for $15.00/hour, but the client is currently working 20 hours per week for $12.00 an hour, record the income from the job the client has at the time data are collected (i.e. 20 hours at $12.00 an hour).

Family Members

The selected client's family members are displayed below. You may search for existing clients to add to this family or add new clients to the database and associate them with this family.

It's important to note that family members are the people who the client is related to. Family isn't always the same as a client's household. According to HUD "[a] household is a single individual or a group of persons who apply together to a continuum project for assistance and who live together in one dwelling unit (or, for persons who are not housed, who would live together in one dwelling unit if they were housed." (Data Manual)

This workflow will allow you to enroll all family members or select which family members you want to enroll.

HUD Program Enrollment ⓘ

Select the Project you are enrolling the client into.
ClientTrack will display a list of clients in the client's family.
Please select all the clients you are enrolling.

The Project Start Date is:

- For **Street Outreach** projects – it is the date of first contact with the client.
- For **Emergency Shelters** – it is the night the client first stayed in the shelter for the consecutive shelter period from entry to exit. Night by night shelters, which use a bed-night tracking method will have a project start date and will allow clients to re-enter as necessary without "exiting and restarting" for each stay for a specified period.
- For **Safe Havens** and **Transitional Housing** – it is the date the client moves into the residential project (i.e. first night in residence).
- For all types of **Permanent Housing**, including **Rapid Re-Housing** – it is the date following application that the client was admitted into the project. To be admitted indicates the following factors have been met:
    1. Information provided by the client or from the referral indicates they meet the criteria for admission (for example if chronic homelessness is required the client indicates they have a serious disability and have been homeless long enough to   qualify – though all documentation may not yet have been gathered
    2. The client has indicated they want to be housed in this project
    3. The client is able to access services and housing through the project. The expectation is the project has a housing opening (on-site, site-based, scattered-site subsidy) or expects to have one in a reasonably short amount of time
- For all other types of Service projects including but not limited to: services only, day shelter, homelessness prevention, coordinated assessment, health care it is the date the client first began working with the project and generally received the first provision of service.

SECTION II. Threshold Review:

Purpose: to determine whether applicant meets basic eligibility requirements for funding.

Threshold Review Criteria *Projects that do not meet all of the threshold review criteria outlined below will not be further reviewed by the CoC except as noted.*	Meets Criteria? Yes or No
All projects must operate in the CoCs covered geography. This includes all the cities and towns in Lackawanna County.	
All projects must provide either Permanent Supportive Housing or Rapid Re-housing. The DV Bonus can include TH-RRH	
The population served must meet program eligibility requirements, including: • PSH: o All projects must dedicate 100% of units to chronically homeless individuals and/or families, as defined by HUD. o Project applicants must demonstrate that they will first serve the chronically homeless according to the order of priority established in PA-508 policy per HUD *Notice CPD-16-11: Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons.* o All projects must serve exclusively disabled individuals as defined by HUD • RRH: All projects must serve 100% literally homeless families and/or single adults coming from emergency shelters and/or unsheltered locations or fleeing violence/stalking. o Persons in transitional housing **are not eligible** for either project type, even if they met the criteria described above prior to entering the TH program.	
Projects can request only these funds for a term of one year: ▪ PSH: Leasing, Rental assistance (tenant or project based only) or operating funds ▪ RRH: Rental assistance (tenant based only) ▪ Supportive services	
Projects cannot request rental assistance/operating funding in the same project, except in TH-RRH.	
Applicant must clearly describe a viable plan for **rapid implementation** of the program documenting how the project will be ready to begin housing the first program participant within 6 months of the award.	
Project applicants must meet eligibility requirements as described in the CoC program interim rule (i.e., only nonprofit organizations, States, local governments, and instrumentalities of State or local governments are eligible to apply) and be able to provide evidence of eligibility (e.g., nonprofit documentation).	
Project applicants must demonstrate the financial and management capacity and experience to carry out the project and administer federal funds (e.g., by demonstrating experience with similar projects and with successful administration of other federal funds.)	
Project applicants must be in good standing with HUD, which means that the applicant does not have any open monitoring or audit findings, history of slow expenditure of grant funds-outstanding obligation to HUD that is in arrears or for which a payment schedule has not been agreed upon, or history of serving ineligible program participants, expending funds on ineligible costs, or failing to expend funds within statutorily established timeframes.	

Threshold Review Criteria *Projects that do not meet all of the threshold review criteria outlined below will not be further reviewed by the CoC except as noted.*	Meets Criteria? Yes or No
Projects must administer their programs in the most integrated setting appropriate to the needs of qualified homeless people with disabilities (i.e., enabling participants to interact with others without disabilities to the fullest extent possible).	
Amenities (e.g., grocery stores, pharmacies, etc.) must be accessible in the community.	
Applications must meet HUD's cash match requirements as defined in the CoC Program Interim Rule (i.e., the recipient or subrecipient must match all grant funds with no less than 25% of funds or in-kind contributions from other sources. For PSH projects, the requirement is 25% of the total amount of the grant minus Leasing).	
Projects must agree to participate in HMIS (unless a DV program), the annual Homeless PIT count, the relevant Coordinated Entry process and comply with all CoC P+P.	

Other threshold criteria that the CoC will review prior to submission to HUD:
- Projects must be cost effective (i.e., not deviating substantially from the norm in that locale for the type of structure or kind of activity).

Project meets threshold eligibility criteria?
- ☐ Yes
- ☐ No
